Americold Port Fresh Savannah, GA

2001 Old River Rd, Bloomingdale, GA 31032

Port of Savannah

The Port of Savannah may be a hidden gem you hadn't previously considered. With additional ship handling capabilities, a deeper channel for larger vessels, practically no congestion, an ideal road and rail infrastructure, it's a strong competitor for your business versus the ports and additional on-ship and over land transit time for points further north.

Savannah's location is also ideally suited for onward inland transportation. The Port of Savannah, and our facility can access 20% of the US population within 1-day's truck transport, rising to almost 50% within 2-days.

Facility Specs:

- **4th Fastest growing port in the USA** with billions planned for further infrastructure enhancements
- **+37 sailings per week** – every major carrier calls-in
- **Quicker access to product from South America** when compared with ports further north
- **Located close to Port of Savannah, GA**, on I-16, and 7 miles from I-95
- **Connects growing market** in South America, Europe, Africa, and Asia
- **Quick port access** (fresh products with the least amount of transit time)
- **Cold treatment certified**
- **Fast and efficient access** from all growing regions
- **US Customs Agriculture on site**
